Dear Mrs. Mitruk:

The following information is for your personal records. I hope that I have covered everything sufficiently.

Health Insurance

You will continue to be covered under the group health insurance plan and prescription drug plan for the rest of your life or until you would remarry. When you turn 65 it is important that you sign up for both Medicare Part A & B as you will be covered 80% by Medicare and only 20% by Travelers so it is very important that you have Medicare. When you turn 65 then all of your claims must first be mailed to Medicare for payment. When you receive the EOMB sheet from Medicare showing how much they paid or did not pay, you would then mail a copy to Travelers along with an itemized bill (from provider of service) and a Travelers claim form.

Pension

You will receive a pension for the rest of your life. The amount of your pension will be determined at the time you turn age 62 which is when your pension will be effective. At the present time your pension amount would be ~~\$196.27~~ if you were age 62.

187.96

You will receive all scheduled contractual increases over the years (per contract) and will also receive the medicare premium when you turn 65. At the present time Medicare is \$15.50 which you would receive in your check if your 65 now. When the Medicare premium is increased by Medicare we will increase your check by that amount.

If you have any questions at all please do not hesitate to give us a call.
